HoseSol

HOSE SOLUTIONS FOR A WIDE VARIETY OF MARINE AND AUTOMOTIVE APPLICATIONS

With over 15 years of experience Hose Solutions has created a favourable reputation with our vast experience and knowledge within the hose and pipe industry.

We supply a wide variety of fuel hoses. We are suppliers of non-corrosive, high specification hose, pipes and fittings that meet the demands of marine and automotive industry applications.

Hose Solutions offer hose assemblies complete with end connections installed, this makes life easier.

We as a team, from Hose Solutions strive to make the procurement of quality hoses and fittings easy and hassle free.

HOSE SOLUTIONS INDUSTRY APPLICATIONS

Food and Beverage Industries

Hose Solutions for a wide variety of food and beverage applications. Products meet the strict health and sanitation standards set by industry.

Marine and Automotive Industries

Non corrosive, high specification hose, pipes and fittings that meet the demands of marine and automotive industry applications. Hose Solutions and quality products for use in extreme heat and salt water conditions.

Mining, Construction, and Agriculture

We supply heavy duty hose and fittings to the industrial sector that meet the quality requirements of harsh working conditions. Hose Solutions that are extra tough, abrasion resistant ideal for pumping heavy liquids and solids over aggressive mining, construction and agricultural terrains.

Wine and Water Hoses

We supply wineries, breweries, distilleries, juice and food processing plants from scratch, just to name a few.

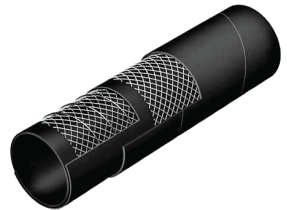

We have a full range of products available such as transfer hoses, wash down hoses, nozzles and fittings to meet your every need.
